# Why CVPA?

CVPA students study with professional artists, dancers, actors, musicians and singers as they explore and major in one of the five principal concentrations: Vocal Music, Instrumental Music, Dance, Theatre, TV/Media Production and Visual Arts. This extraordinary training becomes particularly important when students are ready to apply for colleges as college admissions representatives seek to find students who are highly focused and committed. CVPA students go on to attend some of the nations' most selective colleges, universities and conservatories and each year earn millions in scholarship awards.

- Small Learning Communities
- Opportunity to double their high school experience
- Approximately 40% of CVPA students participate in a pre-college experience. (Usually on scholarship)
- Opportunity to pursue the arts AND academics at the highest levels of high school rigor.
- 100% Graduation Rate
- 98% College Acceptance/Attendance

Graduates from the CVPA Program attend colleges and universities such as Johns Hopkins, University of Georgia, Hampton University, Cooper Union, Berklee College of Music, Penn State, St. Mary's College, Towson University, Cleveland Institute of Art, San Francisco Conservatory of Music, Morgan State University, Temple University, New York University, Maryland Institute, College of Art, Rhode Island School of Design, Boston University, Virginia Commonwealth University, Clark Atlantic University, Salisbury University and Catholic University.
