**GIVE BRIEF DESCRIPTION OF WHAT HAPPENED:**

**THE FACTS ARTICULATED BELOW ARE FROM TWO SEPARATE OFFENSES COMMITTED BY THE SAME DEFENDANT IN WASHINGTON, DC.**

CCN 22-062014

On Tuesday, May 3, 2022, The Office of Unified Communications (OUC) paged the Sexual Assault Unit (SAU).

OUC advised they received a call from the Arlington County Police Department (ACPD) advising that Complainant AF walked into their station and reported that she was the victim of a criminal assault occurring in Washington, DC on Saturday, April 30, 2022 at ~0400 hours.

Your affiant called ACPD, who advised that complainant AF reported after drinking with friends at the Sauf Haus Bier Hall (1216 18th Street NW), the defendant (D1), offered to give her a ride home. Complainant AF reported that D1 drove for a few minutes, stopped in front of an apartment building, and sexually assaulted her. After which, D1 drove complainant AF to her apartment. Complainant AF reported the assault occurred in Washington, DC; however, she did not know where exactly.

ACPD advised that complainant AF was responding to INOVA for a SANE. Your affiant advised that he would meet her there.

Your affiant arrived to INOVA and interviewed complainant AF. Complainant AF advised that she and her friends were out drinking and ended their night at the Sauf Haus Bier Hall. Complainant AF advised, by the time she was ready to leave, her friends had all gone home. Complainant AF advised her friend tried ordering her three (3) consecutive Ubers to take her home but all three (3) cancelled. Complainant AF advised D1 then pulled up in his white "newer model Toyota Camry" and asked if she needed a ride. Complainant AF accepted and sat in the back seat. Complainant AF advised D1 told her to sit in the front seat, because he needed to pick up other rideshare passengers. Complainant AF agreed and moved to the front seat.

Complainant AF told your affiant that D1 drove for a few minutes and stopped in front of an "older looking white painted brick apartment building". Complainant AF shared that D1 then began fondling her breasts. Complainant AF advised she attempted to push him away, but D1 overpowered her. Complainant AF shared that D1 then slid his hand into her panties and began rubbing her vagina. Complainant AF advised D1 "fingered" her vagina by digitally penetrating her. Complainant

AF again advised she attempted to push D1 away but she was not strong enough. Complainant AF then shared that the D1 rolled her passenger window down, grabbed her, and pushed her partially out the window. Complainant AF advised D1 pulled her pants down and inserted his penis into her vagina and anus repeatedly. Complainant AF advised the D1 ejaculated on her buttocks and her pants.

After the assault, complainant AF told your affiant that D1 drove complainant AF to her apartment. She remembered D1 driving either: over the Memorial Bridge into Virginia towards Arlington National Cemetery, or the Roosevelt Bridge towards the US Marine Corps War Memorial.

Complainant AF shared that she took a picture of D1 inside his vehicle; however, he covered his face. Complainant AF provided the picture to your affiant.

Complainant AF described D1 as an "older looking Hispanic man... with long fingernails... and he smelled like cigarettes". Complainant AF advised D1 did not say anything during the ride nor the assault. Complainant AF does not remember seeing any landmarks or street signs during the assault.

**CCN 22-157109**

On Saturday, October 29, 2022, Officer Givens from the Second District responded to the 3900 block of Fessenden Street NW for a criminal assault. Upon arrival, he met with Complainant JTL who stated that a male who she believed to be an UBER driver sexually assaulted her inside of a vehicle. The officer notified the SAU. Detective Trina Johnson acknowledged the assignment.

Complainant JTL stated that she went to a Halloween Party in the Adams Morgan area. After leaving the party, she stated that she called for an UBER but canceled the ride after realizing how far away one was from her location. Complainant JTL stated that D1 (W/M, operating a white 4 door vehicle), offered her a ride home. She stated that D1 told her that he was an UBER.

Complainant JTL stated that D1 told her to sit in the front seat because he was picking up additional passengers. She complied with his request. Complainant JTL stated that after they drove away from the area, D1 pulled over (location unknown) and told her that he wanted to get a better look at her because she was so beautiful. Complainant JTL stated that D1 then began to touch her inner left thigh and she pushed his hand away. He then leaned over and kissed her on the outside of her mouth. Complainant JTL stated that she did not open her mouth and was unresponsive to D1's kissing.

Complainant JTL stated she began telling D1 that she had a boyfriend and afterward, D1 began driving again. Complainant JTL stated that she then began texting Witness GP. Complainant JTL stated Witness GP eventually called her and talked to her for the remainder of the ride.

As D1 and Complainant JTL were driving on Fessenden Street NW, Witnesses GP and MG, along with several other friends, came into the street to await their arrival. D1 pulled over at the intersection of 39th and Fessenden Streets NW and Complainant JTL exited D1's vehicle. The witnesses stated that D1 immediately made a U-turn and sped away. Witness MG stated that it was able to get a photograph of D1's vehicle and the license plate. The witnesses described D1's vehicle as a white 4-door Honda with Maryland hand tag: 2EW4740. Complainant JTL was unable to provide a detailed description of D1. In a later interview, Complainant JTL reported that she remembered D1 being older (40s), then previously reported and having a large nose.

Officer Givens was able to obtain the address to which the vehicle was registered and requested assistance from Montgomery County Police Department (MCPD). MCPD Officer Waddell responded to the registered address (9509 Edgely Road Bethesda, MD) and advised that he did not observe the vehicle at the location. Detective Johnson placed an Investigative Stop into WALES/NCIC for D1's vehicle.

A WALES/NCIC check of D1's vehicle identified the vehicle as a white 2017 Honda Accord registered to Claudio Vizcarra, DOB 11/18/1977.

Using the registered owner's information, your affiant queried law enforcement databases corroborating D1's identification: Claudio Andres Vizcarra, DOB 11/18/1977, PDID 619010, including several booking and identification photos of D1 (see below).

The photograph taken by Complainant AF, of D1 inside of his vehicle, captured D1 wearing what appeared to be dark jacket/vest, with a nylon body and square stitch pattern. The vehicle's interior was light in color (see below). Your affiant compared Complainant AF's photograph of D1 to the driver's license photograph and multiple arrest photographs of Claudio Vizcarra. D1's large ears and hairline in Complainant AF's photograph are very similar to the large ears hairline in the driver's license and multiple arrest photographs of Claudio Vizcarra.

On October 30, 2022, Detective Johnson contacted MCPD, communications office and requested assistance in locating D1's vehicle. Detective Johnson spoke with MCPD Officer Najjar and advised him of the matter. MCPD Officer Najjar responded to the vehicle's registered address and observed the vehicle parked on the street, in front of the location. MCPD Officer Najjar requested a tow crane. Martin's Towing & Recovery responded to the location and towed the vehicle to MCPD District 2 Station for safekeeping.

Your affiant and Detective Johnson responded to the MCPD District 2 Station and confirmed the vehicle was the vehicle related to their SAU investigation(s). Your affiant compared the vehicle to CCTV footage recovered during complainant AF's investigation. Both vehicles are white in color, sedans, with a sunroof, and spoked alloy rims. The vehicle recovered matches the same vehicle used by the D1 to pick up complainant AF and subsequently assault her.

On October 31, 2022, Detective Johnson responded to MCPD District 2 Station, along with ABC Towing and retrieved D1's vehicle. Detective Johnson relocated the vehicle to the District of Columbia Department of Forensic Sciences (DFS) for processing.

On Friday, November 4, 2022, your affiant along with Detective Johnson and Lieutenant Thomas Smith responded to 9509 Edgeley Road, Bethesda, MD 20814 to execute a residential search warrant with MCPD. SAU collected a buccal swab from D1 (see below), seized two (2) of D1's cellphones, and articles of clothing seen in the picture taken by Complainant AF on the night of the offense.

During the search warrant execution your affiant interviewed D1 showing him the picture taken by Complainant AF. Your affiant asked D1 what he was doing in the picture with his hand in front of his face. D1 advised your affiant that the last time he drove for Uber was approximately two (2) years ago. After which, D1 advised your affiant to direct all questions to his lawyer.

Your affiant submitted D1's buccal swab to DFS for comparison against the evidence collected during Complainant AF's investigation.

On Sunday, January 8, 2023, your affiant received the supplemental Forensic Biology Report from Signature Science indicating D1's DNA on Complainant AF's shirt: specifically the neck, chest, and lower back area of Complainant AF's shirt.

Based on the aforementioned facts and circumstances, your affiant believes a criminal offense occurred in the District of Columbia and is presenting this affidavit for review, respectfully requesting an arrest warrant issued for Claudio Andres Vizcarras, DOB 11/18/1977, POB 619010.
